

Special GST Refund Disposal Drive

Amid second wave of Covid-19 Pandemic, CBIC has come up with 'Special GST Refund Disposal Drive' with a view to provide relief to businesses especially to MSMSEs, who are facing liquidity crunch in these current situations.

About Special Drive?

All Central Tax Formations have been directed to launch this special drive to dispose of all the pending GST refunds claims on priority basis up to 31st May, 2021 which are pending as on May 14.

Also, The Principal Chief Commissioners/Chief Commissioners of CGST Zones have been asked to monitor the performance closely on daily basis and whenever needed, provide guidance to the officers concerned to maximize the disposal.

To maximize the disposal, it is also important to have due coordination with major trade and industry associations (especially those who cater to exporters & MSMEs) for the assistance.

To ensure effectiveness of the scheme it is required to submit required documents/ reply by the taxpayers (if claim is pending for any sort of required document/ reply of notice etc.)
